

**ORDINANCE NO. \_\_\_\_\_**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF DESERT HOT SPRINGS REPLACING CHAPTER 3.40 COACHELLA VALLEY MULTIPLE SPECIES HABITAT CONSERVATION PLAN MITIGATION FEES OF THE MUNICIPAL CODE WITH A NEW CHAPTER 3.40 ESTABLISHING THE LOCAL DEVELOPMENT MITIGATION FEE IMPOSED ON NEW DEVELOPMENT TO FUND THE COACHELLA VALLEY MULTIPLE SPECIES HABITAT CONSERVATION PLAN/NATURAL COMMUNITY CONSERVATION PLAN**

**WHEREAS**, the City Council of the City of Desert Hot Springs ("City") finds that the ecosystems of the City, the Coachella Valley and surrounding mountains located in central Riverside County, and the vegetation communities and sensitive species they support are fragile, irreplaceable resources that are vital to the general welfare of all residents; and

**WHEREAS**, these vegetation communities and natural areas contain habitat value that contributes to the City's and the region's environmental resources; and

**WHEREAS**, special protections and conservation goals for these vegetation communities and natural areas have been established to prevent future endangerment of the plant and animal species that are dependent upon them, all as more specifically set out in the Coachella Valley Multiple Species Habitat Conservation Plan/Natural Community Conservation Plan ("MSHCP"); and

**WHEREAS**, the MSHCP and the associated Implementing Agreement preserve the ability of affected property owners to make reasonable use of their land consistent with the requirements of applicable laws, which could include the National Environmental Policy Act ("NEPA"), the California Environmental Quality Act ("CEQA"), the Federal Endangered Species Act ("FESA"), the California Endangered Species Act ("CESA") and the California Natural Community Conservation Planning Act ("NCCP Act"); and

**WHEREAS**, in 2011, to further the purposes of the MSHCP and supplement the financing of the acquisition of lands supporting species covered by the MSHCP and related public services, the City adopted Ordinance No. 538, which added Chapter 3 to the Municipal Code, entitled Coachella Valley Multiple Species Habitat Conservation Plan Mitigation Fees, and established the Local Development Mitigation Fee, to be imposed upon new developments in the Desert Hot Springs I-10 annexation area; and

**WHEREAS**, on March 13, 2014, the City voted to include the entire City within the Coachella Valley Multiple Species Habitat Conservation Plan/Natural Community Conservation Plan area, and expanded the imposition of the Local Development Mitigation Fee to include new developments within the City limits; and

**WHEREAS**, the Local Development Mitigation Fee furthers the purposes of the MSHCP by: (i) assisting in the maintenance of biological diversity and the natural ecosystem processes that support diversity; (ii) protecting vegetation communities and natural areas within the City, Coachella Valley and surrounding central Riverside County mountains, which are known to support threatened, endangered or key sensitive populations of plant and wildlife species; (iii) supporting economic development within the City by providing a streamlined regulatory process to facilitate development; and (iv) protecting the existing character of the City and the region through the implementation of a system of reserves that will provide for permanent open space, community edges and habitat conservation for species covered by the MSHCP; and

**WHEREAS**, the findings and studies upon which the Local Development Mitigation Fee was originally based, including the estimated acquisition costs for such property, conservation of those properties in perpetuity as required under the MSHCP and the growth projections for new development have been updated to reflect the current market conditions, as set forth in the mitigation fee Nexus Report dated May 16, 2011, a copy of which is on file in the City Clerk's office; and

**WHEREAS**, the purpose and intent of this Ordinance is to repeal Ordinance No. 538, which was codified as Chapter 3.40 of the Desert Hot Springs Municipal Code, in its entirety and approve a new Local Development Mitigation Fee, which will be imposed within the City and codified as the new Chapter 3.40 of the Desert Hot Springs Municipal Code; and

**WHEREAS**, pursuant to Article 11, Section 7 of the California Constitution, the City is authorized to enact measures that protect the health, safety and welfare of its citizens;

**WHEREAS**, pursuant to the Mitigation Fee Act, Government Code sections 66000 et seq., the City is empowered to impose and modify fees and other exactions to provide funding of public facilities in the form of acquired habitat land preserved as a community amenity, and the public services required for conservation of this land in perpetuity in order to mitigate the effect of new development projects; and

**WHEREAS**, all environmental impacts associated with the acquisition and conservation of lands were fully and thoroughly analyzed within the Environmental Impact Report/Environmental Impact Statement prepared and certified for the MSHCP, and the City Council made all appropriate environmental findings at the time that the MSHCP and the associated Implementing Agreement were approved; and

**WHEREAS**, pursuant to Public Resources Code section 21166 and State CEQA Guidelines section 15162, no further environmental analysis is required.

**NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF DESERT HOT SPRINGS DOES ORDAIN AS FOLLOWS:**

**Section 1.            Recitals**

The City Council of the City of Desert Hot Springs finds that the above recitals are true and correct.

**Section 2.            Repeal**

Ordinance No. 528, which as codified as Chapter 3.40 “Coachella Valley Multiple Species Habitat Conservation Plan Mitigation Fees” of the Desert Hot Spring Municipal Code is hereby repealed in its entirety and replaced with the amendment set forth below.

**Section 3.            Short Title**

This ordinance shall be known as the “Coachella Valley Multiple Species Habitat Conservation Plan/Natural Community Conservation Plan Mitigation Fee Ordinance.”

**Section 4.            Amendment**

Chapter 3, entitled Coachella Valley Multiple Species Habitat Conservation Plan Mitigation Fees, is hereby added to the Desert Hot Springs Municipal Code, to read as follows:

**3.40.020            Findings**

City Council finds and determines as follows:

- A. In order to realize the goals and objectives of the Coachella Valley Multiple Species Habitat Conservation Plan/Natural Community Conservation Plan (“MSHCP”) and to mitigate the impacts caused by new development in the City, lands supporting species covered by the MSHCP must be acquired, monitored and managed in order to achieve habitat conservation in perpetuity.
- B. The Local Development Mitigation Fee (the “Fee”) is necessary in order to supplement the financing of the acquisition of lands supporting species covered by the MSHCP and related public services, and to pay for new development’s fair share of the cost of acquisition and perpetual conservation.
- C. The appropriate source of funding for the costs associated with mitigating the impacts of new development to the natural ecosystems and covered species within the City, as identified in the MSHCP, is a fee paid for by residential,

commercial and industrial development. The amount of the Fee is determined by the nature and extent of the impacts from the development to the identified natural ecosystems and the relative cost of mitigating such impacts.

D. The Fee does not reflect the entire cost of the lands which need to be acquired and perpetually conserved in order to implement the MSHCP and mitigate the impact caused by new development. Additional revenues will be required from other sources. The City finds that the benefit to each development project is greater than the amount of the Fee to be paid by that project.

E. The use of the Fee is apportioned relative to the type and extent of impacts caused by the development.

F. The costs of funding the proper mitigation for natural ecosystems and covered species identified in the MSHCP which are impacted by new development are apportioned relative to the type and extent of impacts caused by the development within the City.

G. The facts and evidence provided to and considered by the City Council establish that there is a reasonable relationship between the need for acquiring and conserving in perpetuity the natural ecosystems and covered species identified in the MSHCP, and the impacts to such natural ecosystems and species created by the types of development on which the Fee will be imposed; and that there is a reasonable relationship between the Fee's use and the types of development for which the Fee is charged. This reasonable relationship is described in more detail in the mitigation fee nexus report.

H. The Fee is reasonable and will not exceed the estimated total cost of the acquisition and perpetual conservation of the lands necessary to protect natural ecosystems and covered species, the plan and schedules for which are set forth in the MSHCP. Conservation of the land requires monitoring and management beyond the life of the MSHCP permit.

I. The Fee shall be used to finance the acquisition and perpetual conservation of lands and certain improvements necessary to implement the goals and objectives of the MSHCP

### **3.40.030 Administrative Responsibility**

The City Manager shall be responsible for the administration of this Ordinance. Detailed administrative procedures concerning the implementation of this Ordinance may be established and set forth in a resolution adopted by the City Council.

### **3.40.040 Definitions**

As used in this Ordinance, the following terms shall have the following meanings:

"Certificate of Occupancy" means a certificate of occupancy issued by the City in accordance with all applicable ordinances, regulations, and rules of the City and state law.

"City" means the City of Desert Hot Springs, California.

"City Council" means the City Council of the City of Desert Hot Springs, California.

"Commission" means the Coachella Valley Conservation Commission, the governing body established pursuant to the MSHCP that is delegated the authority to oversee and implement the provisions of the MSHCP.

"Conservation" means all the actions necessary for the permanent protection of species, natural communities and habitat land as required of the Coachella Valley Conservation Commission under the MSHCP including land acquisition, land management, biological monitoring, law enforcement and administration.

"Conservation Areas" has the same meaning and intent as such term is defined and utilized in the MSHCP.

"Credit" means a credit allowed pursuant to Section 3.40.120 of this Ordinance, which may be applied against the Fee paid.

"Local Development Mitigation Fee" or "Fee" means the Local Development Mitigation Fee imposed by this Ordinance, which is adopted pursuant to the Mitigation Fee Act (Gov. Code §§ 66000 et seq.).

"Final Inspection" means a final inspection of a project as defined by the building codes of the City.

"Gross Acreage" means the total property area as shown on a land division map of record, or described through a recorded legal description of the property. This area shall be bounded by road right-of-way and/or legal property lines.

"Multiple Species Habitat Conservation Plan" or "MSHCP" means the Coachella Valley Multiple Species Habitat Conservation Plan/Natural Community Conservation Plan.

"Ordinance" means this Ordinance No. \_\_\_\_ of the City of Desert Hot Springs, California.

"Project" means any project undertaken pursuant to the issuance of a building permit or any other approval, ministerial or discretionary development permit, by the City as required by the applicable ordinances, regulations, and rules of the City and state law. Projects undertaken by or on behalf of the City are subject to the Fee.

"Project Area" means the area, measured in acres, from the adjacent road right-of-way line to the limits of project improvements. Project Area includes all project improvements and areas that are disturbed as a result of the project improvements on an owner's Gross Acreage, including all areas depicted on the forms required to be submitted to the City pursuant to this Ordinance and/or other applicable development ordinance or regulation of the City.

"Residential Unit" means a building or portion thereof used by one family and containing but one kitchen, which unit is designed or occupied for residential purposes, including a single-family dwelling, a unit within a multiple-family dwelling, and mobile homes on permanent foundations, but not including hotels and motels.

"Revenue" or "Revenues" means any funds received by the City on behalf of the Commission pursuant to the provisions of this Ordinance for the purpose of defraying all or a portion of the cost of acquiring and perpetually conserving vegetation communities and natural areas within the City and the region which are known to support threatened, endangered or key sensitive populations of plant and wildlife species.

### **3.40.050 Local Development Mitigation Fee**

To assist in providing Revenue for the Conservation of lands necessary to implement the MSHCP, the Fee shall be paid for each Project, or portion thereof, to be constructed within the City. Five categories of the Fee are defined and include:

- (1) residential units, density less than 8.0 dwelling units per acre;
- (2) residential units, density between 8.1 and 14.0 dwelling units per acre;
- (3) residential units, density greater than 14.1 dwelling units per acre;
- (4) commercial acreage; and
- (5) industrial acreage.

Because there can be mixed traditional commercial, industrial and residential uses within the same project, for Fee assessment purposes only, the Fee which is applicable to commercial or industrial Projects shall be calculated by reference to the Project Area of each parcel upon which the commercial or industrial portions shall be sited. If the mixed use includes Residential Units, the Fee applicable to the parcels upon which Residential Units are to be sited shall be calculated by reference to the appropriate residential fee category. If the mixed use occurs on the same parcel, the Fee which is applicable to commercial or industrial projects shall be calculated by reference to the Project Area of the parcel.

A fee schedule that contains the Fee applicable to each of the five Fee categories shall be adopted and may, from time to time, be amended by resolution ("Resolution").

The amount of the Fee required to be paid for a commercial or industrial Project shall be based on the Project Area, as calculated by City staff based on the subdivision map, plot plan, and/or other information submitted to or required by the City.

#### **3.40.060 Imposition of the Local Development Mitigation Fee**

Notwithstanding any other provision of the City's Municipal Code, no permit shall be issued for any Project except upon the condition that the Fee applicable to such Project has been paid in accordance with the provisions of this Ordinance.

#### **3.40.070 Payment of the Local Development Mitigation Fee**

A. The Fee shall be paid in full at the time of the issuance of a building permit for the Project; provided, however, that if the City's Municipal Code provides for all fees assessed pursuant to the Mitigation Fee Act to be collected at a later time, then the Fee collected pursuant to this Ordinance shall be collected at the same time as that mandated by the City's Municipal Code for the payment of all such other fees.

B. In no event shall a final inspection be made or a certificate of occupancy be issued prior to full payment of the Fee.

C. The Fee shall be assessed one time per lot or parcel, except in cases of the construction of additional Residential Units, subsequent development of portions of a commercial or industrial parcel for which the Fee was not originally collected, or changes in land use. The additional Fee required to be paid in the case of such exceptions shall not include the amount of any previously paid Fee for that parcel. No refunds shall be provided for changes in land use to a lower

Fee category. It shall be the responsibility of the applicant to provide documentation of any previously paid Fee.

D. The Fee required to be paid under this Ordinance shall be the Fee in effect at the time of payment.

E. Notwithstanding anything in the City's Municipal Code, or any other written documentation to the contrary, the Fee shall be paid whether or not the Project is subject to conditions of approval by the City.

F. If all or part of the Project is sold prior to payment of the Fee, the Project shall continue to be subject to the requirement to pay the Fee as provided herein.

G. For Projects which the City does not require a permit, final inspection or issuance of a certificate of occupancy, the Fee shall be paid prior to any use or occupancy.

H. For purposes of this Ordinance, congregate care residential facilities and recreational vehicle parks shall pay the commercial acreage Fee.

#### **3.40.080 Refunds**

A. Except as provided in paragraph B of this Section, there shall be no refund of all or part of any Fee paid under this Ordinance, except in cases of overpayment or miscalculation of the applicable Fee.

B. Collection of the fee associated with the Fringe-toed Lizard Habitat Conservation Plan (FTL HCP) ceased upon issuance of the MSHCP permit. Projects that paid the FTL HCP fee are required to pay the Local Development Mitigation Fee but may obtain a refund of the FTL HCP fee from CVCC. Refunds shall be granted subject to the rules and regulations established by the Coachella Valley Conservation Commission.

#### **3.40.090 Collection, Accounting and Disbursement of Local Development Mitigation Fees**

A. Subject to the provisions of this section, all Fees collected pursuant to this Ordinance shall be collected, administered and remitted for deposit into the account established therefor, to the Commission in compliance with all applicable policies and procedures of the Commission monthly. The Fees will be expended solely for the purpose of Conservation of the vegetation communities and natural areas within the City and the region which support species covered in the MSHCP in accordance with the plan and schedules set out in the MSHCP and the policies that have or may be adopted pursuant thereto.

B. The City may recover the costs of administering the provisions of this Ordinance using the Revenues generated by the Fees, in an amount and subject to the rules and regulations established by the Commission.

### **3.40.100 Automatic Annual Fee Adjustment**

The Fee established by this Ordinance shall be revised annually by means of an automatic adjustment at the beginning of each fiscal year based on the average percentage change over the previous calendar year set forth in the Consumer Price Index for "All Urban Consumers" in the Los Angeles-Anaheim-Riverside Area, measured as of the month of December in the calendar year which ends in the previous fiscal year.

### **3.40.110 Exemptions**

The following types of construction shall be exempt from the provisions of this Ordinance:

A. Reconstruction of a residential unit or commercial or industrial building damaged or destroyed by fire or other natural causes.

B. Rehabilitation or remodeling to an existing residential unit, commercial or industrial building, and additions to an existing residential unit or commercial or industrial building.

C. A second Residential Unit, constructed on residential property previously developed with a single-family dwelling, and meeting all state and City requirements for such units.

D. Existing improvements that are converted from an existing permitted use to a different permitted use, provided that no additional area of the property is disturbed as a result of such conversion.

E. Projects for which the City is restrained by law from collecting the Fee due to a Development Agreement or vested tentative map entered into with or issued by the City prior to October 1, 2008.

F. Construction of a family residential unit upon property wherein a mobile-home, installed pursuant to an installation permit, was previously located prior to the effect date of this Ordinance.

G. Guest dwellings constructed on residential property previously developed with a single-family dwelling.

H. Additional single family residential units located on the same parcel pursuant to the provisions of any agricultural zoning classifications set forth in the City's Zoning Ordinance.

I. Kennels and Catteries established in connection with an existing single family Residential Unit and as defined in Section 17.04.050 of the City's Municipal Code.

### **3.40.120 Fee Credits**

The City may grant to owners or developers of real property, a Credit against the Fee that would otherwise be charged pursuant to this Ordinance, for the dedication of land within a MSHCP Conservation Area, provided, however, that no Credit shall be given unless (A) the dedication is secured by a conservation easement acceptable to a grantee legally authorized to accept and hold such easements pursuant to Civil Code § 815.3 or pursuant to other legal instrument that ensures the area will be conserved in perpetuity; (B) the land to be dedicated is appropriate for conservation and dedication thereof is consistent with and furthers the goals of the MSHCP; and (C) the dedication and Credit complies with all procedures and policies of the Commission. The amount of the Credit granted shall be determined by an estimate of the fair market value of the land dedicated. Any Credit granted by the City shall be given in stated dollar amounts only.

An applicant for a proposed Project may apply for Credit to reduce the amount of the Fee required to be paid prior to approval of the Project. Any Credit granted and the amount of the Fee to be paid shall be included as a condition of approval of the Project. However, if an applicant has already received approval from the City and has not previously applied for a Credit to reduce the amount of the Fee required to be paid, an applicant may apply for such Credit at any time prior to issuance of a grading permit for the Project and any Credit granted shall in that case be included as a condition of approval of the grading permit issued for the Project.

### **Section 5. SEVERABILITY**

This Ordinance and the various parts, sections, and clauses thereof, are hereby declared to be severable. If any part, sentence, paragraph, section, or clause is adjudged unconstitutional or invalid, the remainder of this Ordinance shall not be affected thereby. If any part, sentence, paragraph, section, or clause of this Ordinance, or its application to any person entity is adjudged unconstitutional or invalid, such unconstitutionality or invalidity shall affect only such part, sentence, paragraph, section, or clause of this Ordinance, or person or entity; and shall not affect or impair any of the remaining provision, parts, sentences, paragraphs, sections, or clauses of this Ordinance, or its application to other persons or entities. The City Council hereby declares that this Ordinance would have been adopted had such unconstitutional or

invalid part, sentence, paragraph, section, or clause of this Ordinance not been included herein; or had such person or entity been expressly exempted from the application of this Ordinance.

If this Ordinance is later adjudged by a final unappealable judgment of a court of competent jurisdiction to be unconstitutional or invalid, the prior Local Development Mitigation Fee adopted under the prior Local Development Mitigation Fee Nexus Study on May 16, 2011 and the corresponding Ordinance No. 538, and **Resolution \_\_\_\_** shall each be revived and shall continue for the life of the MSHCP.

#### **Section 6.                    EFFECTIVE DATE**

This Ordinance shall take effect immediately upon the issuance of an amended permit authorizing take in connection with the MSHCP by the U.S. Fish and Wildlife Service and California Department of Fish and Game including without limitations, the incidental take permits for covered species pursuant to Section 10(a)(1)(B) of the Federal Endangered Species Act and section 2800 of the California Fish and Game Code. However, in no event shall this Ordinance take effect prior to sixty (60) days after the date of its adoption.

#### **Section 7.                    POSTING**

The City Clerk shall, within 15 days after the passage of this Ordinance, cause it to be posted and published as required by law.

**PASSED AND ADOPTED** by the City Council of the City of Desert Hot Springs at a regular meeting held on the \_\_\_\_\_ day of \_\_\_\_\_ 2014 by the following vote:
