

REPORT TO THE COMMUNITY AND CULTURAL AFFAIRS COMMISSION

DATE: November 18, 2015

TITLE: Request by Yudit Escedy for Prioritization of the Funding for \$3,950

Prepared by: Rich Malacoff, AICP
Community Development Director

RECOMMENDATION

Review and Provide Direction to Staff

DISCUSSION

Ms. Escedy has requested that the Commission provide funding for her Proposal for Painting of Utility Boxes prior to the money being available by borrowing it from other art projects such as the City Monument Signs. At the previous meeting the Commission granted approval with the caveat that the \$3,000 be paid back to the City Monument Signs from any new funds prior to Ms. Escedy receiving any funds. There was \$4,500 additional money deposited in the Art in Public Places Account which will be used to replace the funds used for the Daba Art. There is currently another request on this Agenda for additional funds for the Daba Art budget. Staff will follow whatever direction is provided by the Commission. If the Commission wishes to reprioritize this proposal staff will execute the contracts.

FISCAL IMPACT

All potential funds will come from the Arts in Public Places Fund.
