

REPORT TO THE COMMUNITY AND CULTURAL AFFAIRS COMMISSION

DATE: November 18, 2015

TITLE: Status of Current Art Projects

Prepared by: Rich Malacoff, AICP
Acting Community Development Director

RECOMMENDATION

Review and Provide Direction to Staff

Staff will provide a Status Report on the Entry Monuments, Speaks Butterflies, and the Daba Art at the meeting.

The Daba Art is continuing to progress, however the Daba Art has been encountering overruns due to the inaccuracies of the original proposal. At the last meeting the CCAC temporarily borrowed \$3000 from the Entry Monuments to pay for the overruns for the Daba Art identified at the time. The new overruns involve transportation, traffic control, and installation and amount to approximately \$15,000. However, staff is researching other companies which may have more competitive prices. This information will be presented at the meeting.

The Commission may recommend to the City Council reallocation of monies available from the previously committed art which has not been purchased or acted on.
