Discussion and Possible Action

DISCUSSION

During the July CCAC Meeting, the Commission approved the Jeffery Spakes Butterfly installation and unveiling to take place on October 15, 2016.

The Vortex Music and Arts Festival Event is scheduled to take place on October 22, 2016 along the intersection of Palm Drive and Pierson Blvd.

Open discussion and possible action to have the Jeffery Spakes Butterfly installation and unveiling moved to October 22, 2016, as a part of the Vortex Music and Arts Festival. The event entails art and music to take place in the public right-of-way; whereas, street closures would make the unveiling possible.
