

REPORT TO THE ARCHITECTURE AND LANDSCAPE REVIEW COMMITTEE

DATE: September 29, 2016

TITLE: Entry Sign Monument

Prepared by: Daniel Porras P.E. Public Works Manager

RECOMMENDATION

Update and Discussion

DISCUSSION

Daniel Porras met with Low Desert Rock and Supply and discussed the various items on the installation of the entry sign at the median at Palm Drive near I-10. Low Desert Rock and Supply is currently finding an alternative rock that will properly fit within the median of Palm Drive near I-10. After that rock is delivered it will be inspected for final approval. The Original rock will be reserved for an alternate location that may have the appropriate space needed.

*Original rock cost was estimated at \$7,000

*Cost of new rock is not to exceed \$7,000 with final cost determined after it is selected.
