Have you ever attended a City Commission Meeting?

☐ No ☒ Yes

If yes, list which commissions and approximately how many.

Describe your knowledge of the functions, regulations and procedures of the Commission (1st choice) on which you would like to serve:

I would like to find a good place for alternative education. Back to Basics. Wood Shop, Auto repair, Electrician, Plumber. These Trades are very important to our youth. Keeping our kids motivated and places they can go and accomplish their dreams.

What specific skills, attitudes, and experience do you think you have that will enhance the work of the Commission?

Working for years with youth organizations guiding them through sports and education to become a success to themselves and their community. I was Athletic Director for 14 years with Junior All-American Football. I am good with management and also budgeting. Worked for 10 years to have our Community Vista Montana be a Jewel using desert landscaping and grass so our community uses the best of both environments and keeps our Community Bright and Beautiful. And very efficient saving water.

What specific issues or problems face the commission? Do you have suggestions to address these issues or problems?

I haven't seen any specific issues. Looks like they are doing a good job. Would like to give any experience I have to be an asset to the commission.
