Select One	Public Safety Commission	Select One	Architecture and Landscape Review Committee	-	residency
lst ▼	Community & Cultural Affairs Commission (CCAC)				requirements)

Occupation and Employer:

Peer Youth Coordinator for SafeHouse of the Desert

(If retired, indicate last occupation/employer)

The following information consists of some of the factors used by the City Council, and/or subcommittee thereof to select final applicants: 1) Background, education, experience to demonstrate sound judgement; 2) Diversity in commission membership; and 3) attendance at commission meetings prior to interview

Background / Work Experience / Civic Involvement:

I have over 30 years experience in community services primarily working with children and young adults, with and without disabilities, for civic and nonprofit agencies. I owned a gymnastics, dance and cheerleading center for youth from the early 1990's until 2012. My current position with Operation SafeHouse / SafeHouse of the Desert is Peer Youth Coordinator for the Cup of Happy Program. This program is funded by a grant through Riverside County Prevention Early Intervention services. My team engages youth through outreach programs working to improve the mental health and resilience of young people ages 16 to 25 years.

Though still relatively new to the area, I feel at home in Desert Hot Springs and would like to be of service to the community. My husband and I make every effort to shop local, support the city's leadership and first responders and participate in community events when possible.

Education / Training:

I am currently attending College of the Desert and will soon be transferring to CSUSB Palm Desert to complete my degree in Communications.

Training and experience relative to the Community & Cultural Affairs Commission include seven years working as a program director with the YMCA of San Bernardino, five years as a production resource instructor for a supported employment company for adults with developmental disabilities in Riverside, and twenty years as a business owner in children's sports and recreation.

As an artist, writer, musican and performer I also have experience in community art activities. My years spent in community service programs gave me the opportunity to plan and coordinate numerous large events ranging from simple recitals to large performances and sporting events.
