

A 3D architectural rendering of a modern facility entrance. In the foreground, a dark asphalt road leads towards a black metal gate. To the left of the gate, large, bold, red 3D letters spell out "MedMen" on a concrete base. To the right, a small concrete pillar holds two red mannequins. The gate is flanked by lush green trees. Behind the gate, a parking lot with several cars is visible, along with a large, light-colored building and a tall orange storage tank in the background under a blue sky with scattered clouds.
