

A 3D architectural rendering of a modern medical facility entrance. The scene is set on a wide, dark asphalt driveway that leads towards a large, light-colored building. On the left side of the driveway, a large, bold, red 3D sign spells out "MedMen". Behind the sign is a black metal fence. To the right of the driveway, there are several large, mature green trees. In the background, a black car and a white van are parked near the building. A small, orange, cylindrical structure is visible behind the fence in the distance. The sky is blue with scattered white clouds. The overall atmosphere is clean and professional.
