i. Engineer's Statement

WHEREAS, on May 16, 2017, the City Council, under the Act, adopted its Resolution of Intention for the Annual Levy of Assessments and the Preparation of an Engineer's Report for Landscape and Lighting Maintenance District No. 1;

Whereas, the Resolution of Intention directed Albert A. Webb Associates, to prepare and file a report presenting plans and specifications describing the general nature, location and extent of the improvements to be maintained, an estimate of the costs of the maintenance, operation and servicing of the improvements for LMD No. 1 for the referenced Fiscal Year, a diagram for LMD No. 1 showing the area and properties to be assessed, and an assessment of the estimated costs of the maintenance, operation and servicing of the improvements, assessing the net amount upon all assessable lots and/or parcels within LMD No. 1 in proportion to the special benefit received;

NOW THEREFORE, the following assessment is made to cover the portion of the estimated costs of maintenance, operation and servicing of said improvements to be paid by the assessable real property within LMD No. 1 in proportion to the special benefit received:

1. Plans and Specifications

LMD No. 1 provides and ensures the continued maintenance, servicing, administration, and operation of various landscaping, park facilities, parkways, trees and street lighting improvements, and associated appurtenances located within the boundaries of LMD No. 1.

Description of the Boundaries of LMD No. 1

The boundary of LMD No. 1 includes all of the territory within the City of Desert Hot Springs. Within the District there are two benefit Zones, Zone A and Zone B. Zone A includes all of the territory within the City. The assessments associated within Zone A include the maintenance costs for the street lighting system and parks. Zone B includes the territory known as the Palm Tree Lighting and Parkway Maintenance boundary. The boundaries within Zone B include 8th street on the north, West Avenue on the west, Verbena Drive on the east, and Hacienda Drive on the south.

Description of Improvements and Services

The improvements include the construction, operation, maintenance, and servicing of landscaping, sidewalks, trees, street lighting, park facilities, parkways, street tree lighting, and appurtenant facilities. Service and maintenance include, but are not limited to, personnel, electrical energy and lease costs from Edison, utilities such as water and gas, equipment, maintenance vehicles, materials, contracting services, and other items necessary for the satisfactory operation of the facilities.

Reference is made to the plans and specifications for the improvements, which are on file with the office of the City Clerk.

Boundary Map

An Assessment Diagram for LMD No. 1 has been submitted to the City Clerk in the format required under the provision of the Act. The lines and dimensions shown on maps of the County Assessor of the County of Riverside for the current year are incorporated by reference in a Boundary Map in Appendix B herein and made part of this Report.

2. Cost Estimate

The cost of servicing, maintaining, repairing, and replacing the actual improvements as described in the Plans and Specifications are summarized as follows:

Proposition 218 Compliance

On November 5, 1996, California voters approved Proposition 218, entitled “Right to Vote on Taxes Act,” which added Article XIII D to the California Constitution. While its title refers only to taxes, Proposition 218 establishes new procedural requirements for the formation and administration of assessment districts. Proposition 218 also requires that with certain specified exception, which are described below, all existing assessment districts must be ratified by the property owners within the District using the new procedures.

Some of these exceptions include:

1. Any assessments imposed exclusively to finance the capital cost or maintenance and operation expenses for streets.
2. Any assessments levied pursuant to a petition signed by the persons owning all of the parcels subject to the assessment at the time the assessment was initially imposed.

However, even if assessments are initially exempt from Proposition 218, if the assessments are increased in the future, the City will need to comply with the provisions of Proposition 218 for that portion of the increased assessment formula (e.g., CPI increase).

Proposition 218 does not define the term “streets,” however, based on the opinions of the public agency officials, attorneys, assessment engineers and Senate Bill 919, it has been determined that streets include all public improvements located within the street rights-of-way. This would include median and parkway landscaping, traffic signals, safety lighting, and street lighting.

Proposition 218 defines “assessment” as “any levy or charge upon real property by an agency for a special benefit conferred upon the real property.” Cal. Const., art. XIII D, §2(b). A special assessment, sometimes called a “benefit assessment,” is a charge generally levied upon parcels of real property to pay for benefits the parcels receive from local improvements. Special assessments are levied according to statutory authority granted by the Legislature or, in some instances, local charters. Distinguishing among taxes, fees, and assessments can be difficult and often depends on the context in which the distinction is made. For example, taxes, assessments, and property-related fees all may be imposed on property. The key feature that distinguishes an assessment from a tax, fee, or charge is the existence of a special benefit to real property. Without identifying a special benefit, there can be no assessment.

Distinguishing General and Special Benefit

Proposition 218 added a set of procedures and requirements, which a local government must follow to levy an assessment. In addition to notice, hearing, and assessment ballot proceedings, Proposition 218 provides that “only special benefits are assessable” and requires a local government to “separate the general benefits from the special benefits conferred on a parcel.”

By its nature, most public improvements financed through an assessment district contain an element of public benefit. The test is: does there exist, with relation to the improvement, a special benefit to the property assessed? The law requires that portion of the cost of the improvement which benefits the public generally to be separated from that portion of the cost of the improvement which specially benefits assessed properties. Proposition 218 provides the following definition of “special benefit”:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit”.

Below is the description of the Method of Apportionment and Special Benefit and the Assessment Roll summary for the Assessment District.

Method of Apportionment

Pursuant to the Landscaping and Lighting Act of 1972 and Article XIII D of the Constitution of the State of California, all parcels that have special benefit conferred upon them as a result of the maintenance and operation of improvements shall be identified and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the maintenance and operation of the improvements. Only parcels that receive direct special benefit are assessed, and each parcel is assessed in proportion to the estimated benefit received.

3. Assessment

The primary benefits of street lighting are for the convenience, safety and protection of property, property improvements, and goods. The intensity and degree of illumination provided can have a bearing on both.

The benefits to property owners include:

1. Reduction in night accidents and attendant human misery and decrease in personal property loss.
2. Less vulnerability to criminal assault at night.
3. Promotion of business during night time hours.

Security and Property protection benefits include:

1. Increase evening driving safety.
2. Reduction in vandalism and other criminal acts and damage to improvements.
3. Reduction in burglaries.

All street lighting inventory is currently owned by Southern California Edison Company.

The park and parkway benefits to property owners include:

1. Increased leisure time and recreational opportunities.
2. Improved aesthetic enjoyment.
3. Availability and convenient access to five neighborhood parks.
4. Green space contributes to a stress reducing environment.

There are 13,867 assessable parcels within Zones A and B. Each of these parcels is deemed to receive the same proportional special benefit from the maintenance and operation of the improvements within Zone A, whether improved or unimproved.

3. Assessment

The Zone A assessment is spread to each of the assessable parcels within Zones A. The Zone A assessment is equal to the assessment previously approved by LMD No. 1. If the actual assessment increases, the property owners must be provided an assessment ballot to vote on the matter of the increase. The parcels within Zone B are deemed to receive the special benefit from the maintenance and operation of the improvements within Zone B. The special benefit for the improvement within Zone B is spread on the basis of linear foot of street frontage of the parcel facing either Pierson Boulevard or Palm Drive.

The percentage change in the allowable Fiscal Year 2017-2018 assessment from the allowable Fiscal Year 2016-2017 assessment is as follows:

Parcel identification, for each lot or parcel within LMD No. 1, shall be the parcel as shown on the Riverside County Assessor Parcel Maps and/or the Riverside County Secured Tax Roll for the year in which this Report is prepared.

Non-assessable lots or parcels may include government owned land, public utility owned property, land principally encumbered with public right-of-ways or easements, and dedicated common areas. These parcels will not be assessed.

The assessor parcel numbers, along with the Fiscal Year 2017-2018 assessment amount for the LMD No. 1, is on file in the Office of the City Clerk and are incorporated herein by reference.

3. Assessment

Upon approval of this Report, and confirmation of the assessments, the assessment information will be submitted to the County Auditor/Controller, and included on the property tax roll in Fiscal Year 2017-2018. If the parcels or assessment numbers within LMD No. 1 and referenced in this Report, are renumbered, reapportioned, or changed by the County Assessor's Office after approval of the Report, the new parcel or assessment numbers with the appropriate assessment amount will be submitted to the County Auditor/Controller. If the parcel change made by the County includes a parcel split, parcel merger, or tax status change, the assessment amount submitted on the new parcels or assessment numbers will be based on the method of apportionment and levy amount approved in this Report by the City Council.
