The CITY will have the sole option of transferring title of said fire engine(s) to the COUNTY. When the Riverside County Fire Department Fleet personnel determine the fire engine(s) listed above is due for replacement, the COUNTY will purchase a new fire engine(s); and, the owner of the old fire engine(s) may survey said fire engine(s) or reallocate as a second roll response fire engine.

The annual cost for this service is calculated at 1/20 of the replacement cost. The current replacement cost is \$516,000. If this Agreement is entered into mid-year, the annual cost will be prorated accordingly.

The CITY may opt out of this Agreement at any time in writing and the costs will be prorated accordingly by fiscal year. No refunds will be provided for any prior payments. If the fire engine(s) have been titled to the COUNTY and the fire engine(s) are still within their useful life cycle, the ownership will not revert back to the CITY unless the entire Cooperative Agreement is terminated.
