

REPORT TO THE COMMUNITY AND CULTURAL AFFAIRS COMMISSION

DATE: June 13, 2018

TITLE: Public Art Tour Mobile App for Greater Palm Springs Convention and Visitor's Bureau

Prepared by: Public Works Administrative Assistant, Lynne Paul

Reviewed by: Community Development Director, Daniel Porras PE

RECOMMENDATION:

Discuss the current inventory list and pictures and provide updates on each Commissioner's progress. Approve a deadline date for current artwork to be cataloged and provided to Hunter Martin for the Mobile Art App launch.

BACKGROUND / DISCUSSION:

Michael Picardi and staff met with Hunter Martin, a high school student who is creating a public art tour mobile app for the Greater Palm Springs Convention and Visitors Bureau. The app will include public art accessible to residents and visitors in all nine Coachella Valley cities.

The Commission was asked to complete the CCAC inventory sheet, Hunter's file needed for updating the mobile app and to match photos with line items.

Hunter would like to start with the list/photos that we have. He is going to hold the launch of the app until we get our current information complete. We can build on this list as we move forward. Hunter will be maintaining the app until he graduates.

Each Commissioner shall provide an update on their progress and determine a deadline date for the current inventory to be completed. Staff will notify Hunter of this date so he can prepare for publishing the app.

FISCAL IMPACT:

None.

EXHIBITS:

- 1) DHS Artwork Inventory
- 2) Artwork Photos
