

PEOPLE'S COMMUNITY CLINIC
4139 Verdugo Road, Suite A Los Angeles, CA 90065
Tel. No. (323) 258-2256 Fax No. (323) 474-6622

Thank you for allowing us to introduce ourselves. We are People's Community Clinic. A community clinic in your neighborhood, built for your community.

People's Community Clinic is a Community Health Center fully certified by California Department of Public Health, and are pleased to be a 501(c) (3) non-profit organization. We are committed to providing our diverse community with access to high quality, affordable primary health care. We proudly provide a variety of primary care services to the uninsured and under insured population of LA County, Riverside and the San Bernardino Area. In addition we provide our primary care services to Residential Care Facilities to include: Skilled Nursing Facilities, Convalescent Homes, Group Homes, Intermediate Care Facilities, and various other community facilities.

We are comprised of a diverse and knowledgeable team of healthcare professionals consisting of: Doctors, Nurse Practitioners, Physician Assistants, Phlebotomists, and Medical Assistants. Each healthcare professional has gone through rigorous training, certification, and continue to enhance their education and skills. This ensures we are up to date in all current protocols, and are ready to provide the best medical experience possible, while simultaneously meeting the needs of your community. We take pride in providing superb primary medical services for all ages ranging from Pediatrics through teens to adults.

In addition to our primary care services we also provide gynecology services and pre-natal services from the time of pregnancy until it's time for delivery. To guarantee we have all our varying patients medical needs covered we also have board certified geriatric medical professionals, ready to wean you back to a healthier and happier lifestyle.

The healthcare industry is undergoing radical and significant changes. Foremost in this revolution is mandatory enrollment into managed care. The purpose of this is to put greater emphasis on preventive medicine minimizing avoidable future medical ailments. The government, in the forefront of these changes, has come out with various directives for these alterations. People's Community Clinic is delighted to say we can meet these changes.

If all that wasn't enough, to ensure optimum satisfaction, we decided to take peoples busy and hectic lives into consideration. We have a full service clinical mobile unit equipped with two full rooms and staff. Here at People's we understand you can't always come to us, so we will come to you.

We believe being proactive and carefully attending to the various needs of the community is what a Community Clinic should be. We truly care about the community and strive to give back and truly help the community.

Our organization respects all individuals with courtesy and dignity. We treat our patients with empathy and understanding. We strive to exceed expectations in everything we do. We believe in cooperative and collaborative actions with other organizations to achieve our mission. So let us make your community our community and create a healthier unified tomorrow.

Thank you for your Time and Consideration.
