Ramon Leon Program Chief, Preparedness Division Riverside County Emergency Management Department 4210 Riverwalk Parkway, Suite 300 Riverside, CA 92503

Dear Mr. Leon:

We have received documentation from the Hemet Unified School District, Eastern Municipal Water District, City of Murrieta, and County of Riverside confirming their adoption of the *Riverside County Multi-jurisdictional Local Hazard Mitigation Plan*. These jurisdictions are now in compliance with the planning requirements of the Disaster Mitigation Act of 2000.

The *Riverside County Multi-jurisdictional Local Hazard Mitigation Plan* is valid for five years from the approval date, August 30, 2018, for all approved participants. The plan must be reviewed, updated and submitted to FEMA Region IX for approval at least once every five years. An updated list of the current status of participating jurisdictions is enclosed with this letter.

The approval of this plan ensures the Riverside County's continued eligibility for project grants under FEMA's Hazard Mitigation Assistance programs, including the Hazard Mitigation Grant Program, Pre-Disaster Mitigation Program, and Flood Mitigation Assistance Program. All requests for funding, however, will be evaluated individually according to the specific eligibility, and other requirements of the particular program under which applications are submitted.

Also, approved hazard mitigation plans may be eligible for points under the National Flood Insurance Program's Community Rating System (CRS). Additional information regarding the CRS can be found at https://www.fema.gov/national-flood-insurance-program-community-rating-system or through your local floodplain manager.

If you have any questions regarding the planning or review processes, please contact JoAnn Scordino, Community Planner, at (510) 627-7225 or by email at joann.scordino@fema.dhs.gov.

Sincerely,

tov

Juliette Hayes Director

Mitigation Division FEMA, Region IX
