SHEET NO.

A2.0

The image displays three distinct concrete masonry unit patterns, each with a corresponding circular icon to its left. The first pattern, labeled 'SMOOTH FACE CMU', shows a standard running bond of rectangular blocks with smooth surfaces. The second pattern, labeled 'EFIS', shows a rectangular block with a rough, textured surface and numerous small, dark, irregular spots representing embedded aggregate or aggregate protrusions. The third pattern, labeled 'CULTURED STONE', shows a rectangular block with a highly irregular, rough surface and a pattern of horizontal and vertical lines suggesting a stone-like texture.
