Have you ever attended a City Commission meeting?

☐ Yes (If yes, list which commissions below:)

Describe your knowledge of the functions, regulations and procedures of the Commission/Board (your 1st choice) on which you would like to serve

I am learning about the function, procedures and regulations but, the description of the Commission is a fit for what I am doing now in my life; the youth and seniors aspect really peak my interest. I will be attending the next meeting to gain more knowledge and have listened to January 30th 2018 meeting discussing the roles and responsibilities of the Commission.

What specific skills, attitudes, and experience do you think you have that will enhance the work of the Commission/Board

I believe my tenure in this city, raising my son here, attending and being involved as a leader in my church, my background as a single parent but, now re-married, dealt with the aging and death of my parents and I am also a cancer survivor. Many of these things have given me greater compassion and empathy for others that are or have gone through the same types of situations. My life at this time I want and I am able to give back to the city within which I live.

What specific issues or problems face the Commission/Board? Do you have suggestions to address these issues or problems?

The public, there will be many different opinions throughout the community on every issue. The Commission should be sure that ALL discussions and decisions be at meetings and open and transparent to the public.
