## A2.0

 BRR Original printed on recycled paper

The image displays three distinct stone veneer patterns, each accompanied by a circular inset showing a magnified view of the surface texture.

- SMOOTH FACE CMU:** The first pattern shows a grid of rectangular concrete masonry units (CMUs) with visible horizontal and vertical mortar joints. The circular inset shows a smooth, uniform surface.
- EFIS:** The second pattern shows a wall with a rough, irregular texture, representing an Exterior Floating Insulation System. The circular inset shows a highly textured, porous surface.
- CULTURED STONE:** The third pattern shows a wall with irregular, stacked stone shapes, mimicking natural stone. The circular inset shows a rough, irregular surface.
