Have you served on a City Commission/Board in the City of Desert Hot Springs or any other City?

☒ No ☐ Yes (If yes, please describe below)

Have you ever attended a City Council meeting?

☐ No ☒ Yes

Have you ever attended a City Commission meeting?

☐ No ☒ Yes (If yes, list which Commissions below)

Public Safety Commission; Planning Commission and Arts Council.

Describe your knowledge of the functions, regulations and procedures of the Commission/Board (your 1st choice) on which you would like to serve.

The Public Safety Commission should provide a "safe, drug-free, crime free, and gang free" city. The commissioners should work to ensure the citizens that public safety is the most important service a city can offer. Without public trust and a sense of safety, people and businesses will move out of the city and new businesses will not even dare to come to a city that's plagued with crime.

According to your own website: "The Public Safety Commission is an ongoing public forum that ensures the public is involved in the process. Commission members serve as liaison between the community leaders, citizens and the Desert Hot Spring Police Department; and review budgets and proposal for greater efficiency and effectiveness in the area of public safety."

When I owned the Desert Star Weekly from 2008 to 2013, I was a staunch supporter of the DHS Police Department. I wrote weekly articles in support of the police department and all that it did to improve the community.

My father was in the Marines, served initially as an MP, then later in life he became a Detroit Police Officer. Needless to say, I love and admire the police. I will do everything I can to promote the police department and raise up the reputation of our city.

What specific skills, attitudes, and experience do you think you have that will enhance the work of the Commission/Board

I have covered city council meetings and commission meetings since 1984 working as a journalist for: The Associated Press, County News Service, ABC, NBC, CBS, and a host of other media outlets. I wrote, reported and produced news stories for more than 30 years covering politics, crime, immigration, drugs and business in San Diego, Las Vegas and the Southwest. I worked as a public relations executive in San Diego and the San Francisco bay area for Hewlett-Packard, non-profits and businesses. I worked as the Press Secretary for two highly-controversial, yet very successful mayoral campaigns - the 1992 Susan Golding for (San Diego) Mayor and the 1999 Oscar Goodman for (Las Vegas) Mayor. Mayor Goodman won a landslide victory despite being dubbed the "Mob Lawyer from Sin City."

I know how to get things done effectively.

What specific issues or problems face the Commission/Board? Do you have suggestions to address these issues or problems?

There are some areas of the city where I would not walk my dogs because of illicit drug and gang activity, such as, on Granada between Palm Drive and Verbena. I would like to see this street cleaned up.

There are non-functioning cameras at several intersections in town that need to be activated so the city can start getting revenues from photo-enforced traffic violations. Why aren't those camera working?

Speeders driving west down Hacienda Avenue from Mountain View to Palm Dr., nearly kill children walking to school everyday. There is a flasher sign at Verbena, but it's not enough. Also, the downhill slop between 8th Street and Verbena is another speeders track. Our friend and neighbor, Jim Bendis,)who owned the Anahata Springs Spa, now the O Spa) had his dog run over by a hit-and-run speeder. He sold his business because of the rough neighborhood.

The homeless encampments around our parks, behind Stater Bros., and adjacent to Two Bunch Palms resort need to be addressed. It's shameful and dangerous for everyone, including the homeless. They need help.

There's a rough group of people living in the Calle Las Tiendas circle that's is drug dealing openingly everyday. I know this because I live nearby.

I could go on and on about certain problematic areas, but won't in this forum.

I believe that Desert Hot Springs is the jewel of the desert. Yes, it may be an uncut gemstone, but a gemstone it is. We have the best water, cleaner air, no traffic, cheaper prices, and the best views of the whole Coachella Valley.

I would like to offer myself to the Public Safety Commisson to serve and represent the concerned citizens of our city.

Thank you for your time and consideration in this matter.
