RE: CUP 10-16A Extension

To Whom it May Concern:

Green Bond, LLC ("Company") is requesting a time extension to its CUP 10-16A due to the fact the Company has been trying to obtain the financing to develop the project. We have approached our investors and obtained proposals from contractors but have not been able to reach a deal that would be affordable to develop the project to the standards we would like.

In order to obtain the necessary funding from our investors, one of the conditions would be to have the CUP 10-16A extended. As such, we ask that we receive the extension so that we can continue the conversations in hopes of obtaining the necessary funding and starting the development process.

We thank you for your patience with the process we have taken. We ask that you consider the extension of our CUP 10-16A so that we can continue with the development process. We look forward to hearing back from your office soon and thank you in advance.

Sincerely,

A handwritten signature in black ink, appearing to read "Rudy Dekermenjian", with a stylized flourish at the end.
