

ORDINANCE NO. ____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF DESERT HOT SPRINGS, CALIFORNIA AMENDING DESERT HOT SPRINGS MUNICIPAL CODE SECTION 17.40.110 FENCES, WALLS AND HEDGES

WHEREAS, the City of Desert Hot Springs ("City") is a charter city organized pursuant to Article XI of the California Constitution; and

WHEREAS, the City of Desert Hot Springs Municipal Code ("DHSMC") regulates fences in Section 17.40.110; and

WHEREAS, the DHSMC currently provides that the Director of Development Services must make findings in order for an applicant to erect a fence; and

WHEREAS, such findings are cumbersome and impede the development of fences, especially where fences are necessary; and

WHEREAS, the Planning Commission held a public hearing on this Ordinance; and

WHEREAS, the Planning Commission recommends that the City Council adopt this Ordinance; and

WHEREAS, the City Council deems this ordinance necessary for the public health, safety and welfare.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Desert Hot Springs as follows:

Section 1. RECITALS

That the foregoing recitals are true and correct and are herein adopted by this reference.

1. Perimeter fences, walls, and hedges located on property lines shall conform to the limitations outlined in Table 17.40.01.

2. Required perimeter fences and walls shall be constructed at the top of slope, adjacent property lines.

3. The following fence materials are permitted in any location on the lot:

a. Solid masonry fencing (i.e., block rock, brick with and without stucco covering), provided the color of the masonry or stucco matches or compliments the adjacent walls or structures.

b. Solid vinyl fencing, ~~provided that the Director of Development Services can make the findings required in this section.~~

c. Corrugated metal fencing.

d. Wrought iron fencing, ~~provided that the Director of Development Services can make the findings required in this section.~~

e. ~~Tan precision concrete block wall.~~

ef. Gray pPrecision concrete block wall, ~~only when texture coated or professionally finished to match or compliment existing structures on the lot.~~

fg. ~~Post and wire fencing, not to exceed 48 inches in height, may be used along the perimeter of vacant property.~~

4. ~~For all fencing mentioned in this subsection, the Director of Development Services shall make his/her determinations based upon the following findings, all of which must be met:~~

a. ~~Proposed fencing is constructed and installed in a manner sufficient to withstand the climatic conditions of the City;~~

b. ~~Proposed fencing complies with all applicable local, State and Federal standards;~~

c. ~~Proposed fencing utilizes professionally, well-designed materials which incorporate interesting architectural elements into the design;~~

d. ~~Proposed fencing has complimentary materials, color, texture and design to other existing structures on the lot;~~

e. ~~Proposed fencing is complimentary to the fencing in the surrounding neighborhood.~~

45. Other fence or wall materials may be approved by the Planning Commission through the design review process. The Planning Commission shall approve or deny the application ~~based upon findings.~~

56. Nonconforming Fences. Any fence which does not meet the standards of this section but which was legally established prior to the adoption of these standards may be maintained, provided such a fence which is destroyed or damaged to the extent of more than **25** ~~50~~ percent of its ~~total~~ replacement **(ie-side, rear, front)** ~~value~~ shall not be repaired, rebuilt, or reconstructed except in conformance with these standards.

67. Measurement of Fence Height. Fence heights shall be measured from finish grade at the base of the fence to the highest point of the fence on the interior or exterior side, whichever is higher.

78. Prohibited Materials. Chain link material is prohibited for perimeter fencing. Exposed wood, unless specially approved by the Planning Commission, is prohibited for perimeter walls.

iii. **Vacant property five (5) acres or greater in size, as needed to security the property from any nuisance, including vandalism or**

trespass, as determined by the Compliance Manager, or his/her designee. However, chain link shall not be along the frontage of the property. Split rail fencing may be used along the frontage of the property.

b. In Industrial (I-L, I-M, I-E) districts, but only when the fencing is located only on the side and/or rear property lines and is not visible from public right-of-way. The exception to the chain link fence requirements in the industrial districts is are:

i. Vacant property five (5) acres or greater in size, as needed to security the property from any nuisance, including vandalism or trespass, as determined by the Compliance Manager, or his/her designee. However, chain link shall not be along the frontage of the property. Split rail fencing may be used along the frontage of the property.

~~i. Chain link fencing is permitted to be visible from public right of way only if landscaped planting is used to screen the fence from public view;~~

~~ii. Chain link fencing may be used when fronting on a major public street only if decorative rock or other approved design approved by the Director of Development or his/her designee is used.~~

c. All chain link fencing must have top rail, bottom wire and caps on the poles.

d. All chain link fencing must be properly maintained at all times, including being free from holes, tears, or bent or otherwise disfigured.

e. Notwithstanding the foregoing, chain link fencing may be used as follows:

i. Tennis courts;

ii. In a temporary manner for construction sites;

iii. Where required by law;

iv. Where required as a condition of approval.

D. Wall Design Standards. Perimeter walls may be required to have articulated planes by providing at a minimum for every 100 feet of continuous wall an 18-inch deep by 8-foot long landscaped recession. Walls shall be constructed with pilasters provided

at every change in direction, every 5 feet difference in elevation and at a minimum of every 25 feet of continuous wall.

E. Residential Fencing/Wall Requirement. Fencing or walls are required between individual residential units, and residential developments if adjacent to parks, open spaces, and/or major rights-of-way. All fencing and walls are to be provided by each developer at the time of construction.

Section 3. SEVERABILITY

That, should any provision, section, paragraph, sentence or word of this ordinance be rendered or declared invalid by any final court action in a court of competent jurisdiction or by reason of any preemptive legislation, the remaining provisions, sections, paragraphs, sentences or words of this ordinance as hereby adopted shall remain in full force and effect.

Section 4. REPEAL OF CONFLICTING PROVISIONS

That all the provisions of the Municipal Code as heretofore adopted by the City of Desert Hot Springs that are in conflict with the provisions of this ordinance are hereby repealed.

Section 5. AMENDING OF BAIL SCHEDULE

That the City Attorney's Office is hereby directed to determine whether this ordinance necessitates amendment of the City's Bail Schedule and to cause such necessary amendments to be made and filed with the local branches of the Superior Court of the County of Riverside.

Section 6. EFFECTIVE DATE

That this ordinance shall be effective thirty days after the second reading of the ordinance.

Section 7. CERTIFICATION

That the City Clerk shall certify to the passage of this ordinance and shall cause the same to be published according to law.
