This letter intended to extend the Conditional Use Permit number (CUP 27-16) for the following causes,

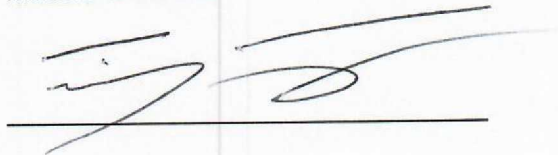

- 1) We are in the middle of constructions
- 2) Grading is complete and already blue topped.
- 3) Water plan already approved from the water company.
- 4) Fire department plan approved
- 5) The steel building is ordered and on hold for productions upon the approval of building permit
- 6) All building plans are updated to 2019 building codes and ready to be submitted.
- 7) Contractor is hired (Tri-Star) and in the middle of active ground constructions.
- 8) All permits are paid to move forward to conclude the Miracle Grow Lab project.

These are some of the causes for requesting CUP extension.

Thank you in advanced for your effort and consideration.
